

EFEX is the most simplistic and economical display unit in the industry. The ability to fold and a light-weight design make this display unit a great choice for the exhibitor who is seeking flexibility to meet changing needs. These modular displays can be used as table-top displays or combined together to create floor displays in minutes without the need for tools. The addition of a header and lights to **EFEX** will create the perfect vehicle to promote your message while allowing the exhibitor to reconfigure the display for changing venues. A Velcro® compatible surface allows for full customization with a wide range of graphics which can be mounted in seconds, add an **EFEX** display counter for a polished professional look. With a variety of colours and models available, **EFEX** will exceed your design expectations as well as meet your budget.
