

Size up your scene!

BIG Fabric

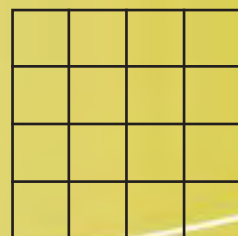

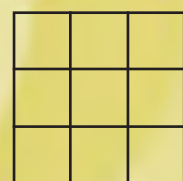

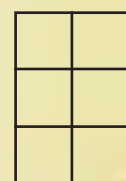

FabricWall is perfect for special events, lobby signage, trade shows, product launches and much more!

Options Available:

- Nylon carrying bag
- Protective shipping case
- Printable fabric or velvet hook loop endcaps
- Quick connect spotlight

The FabricWall structure builds on a "Square" system. Select the amount of "Squares" best suited for your needs:

Squares Carrés	Size Dimensions	Weight Poids
1 x 3	29 1/2" x 88 1/2" (750 x 2250 mm)	9 lbs
2 x 3	59" x 88 1/2" (1500 x 2250 mm)	15 lbs
3 x 3	88 1/2" x 88 1/2" (2250 x 2250 mm)	22 lbs
4 x 3	118" x 88 1/2" (3000 x 2250 mm)	30 lbs
4 x 4	118" x 118" (3000 x 3000 mm)	40 lbs

Squares / Carrés:

1 x 3

2 x 3

3 x 3

4 x 3

4 x 4

It's all in the bag!

General specification:

- Structure: Black anodized aluminum.
- Extras: 14.8" side panels to cover the ends.
- Graphic process: Digitally printed, wrinkle resistant fabric.
- Packaging: Nylon carrying bag + corrugated cardboard shipper.

STRETCH YOUR IMAGE!

Option: for even more impact simply cover the ends with our side panels.

Introducing a smarter alternative to today's run-of-the-mill pop-up systems. Another quality product from Expand, leaders in innovative display systems worldwide.

In less than a minute you can set up this entire display, creating an impact from 35 to over 100 square feet. And with the printed fabric already attached to the structure, all you have to do is take it out of the bag, place it on the floor, pull it up, and watch the entire display unfold in front of you.

Once your display is set up and the high-quality fabric unfolds, it stretches out to a smooth surface.

Elegance through Power
