

HINGECOUNTER

Portable, Foldable.

The foldable hinge construction makes this counter quick to set up and take down.

Besides being practical, the HingeCounter is the perfect branding and promotional tool. We show you our 3 standard designs, but the many possibilities of customizing is guaranteed to make it fit your needs. Choose in-fill panels or the all-covering graphic panel attached with magnetic tape.

Combine HingeCounter with other HingeLine products (see pg. 40-41, pg. 56-57 and pg. 75).

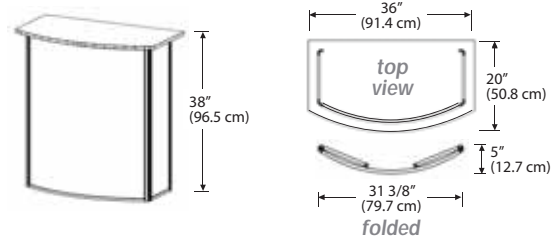

SPECIFICATIONS

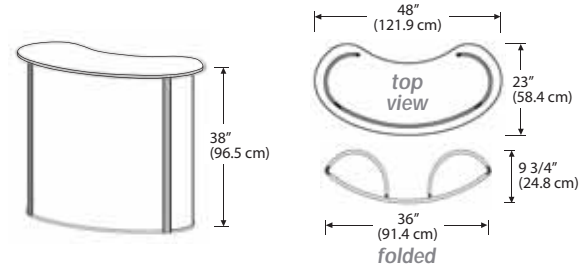

HingeCounter, complete aluminum construction, incl. top shelf in white, grey or black vinyl covered board. Panels and inside shelf not included. Packed in carton box.
