

ROUND-UP

360 Degrees of Impact.

34/35

Make your message come full circle with Round-Up. Use it as a column. A podium. A demo station. Make it tall or stout. It's strong enough to work as a POP base. The graphic attaches to the robust round support pieces by magnet. Made of only three components so it packs flat and compact. It's as easy to assemble as it is to change visuals. So you're always the center of attention.
